CETS Continuing Education Transcript System

Track & Manage Continuing Education Students, Courses & Transcripts

"The Urban Insight staff listened to what my staff needed to accomplish with a system that tracks attendance in non-degree programs and found a cost-effective solution to meet our full needs.."

- Coleen Dietz, Director
Office of Continuing Education
USC Rossier School of Education

What is CETS?

CETS is a web-based system that enables your staff to track your continuing education students, record the courses they take and print transcripts for CEU credit. The system imports student and course data from RegOnline.

Why You Need CETS

There is no easy way to track continuing education students in SIS. CETS will save your staff time by making tracking continuing education students and printing transcripts a breeze.

CETS at a Glance

- Designed specifically for use at USC
- Tracks multiple student profiles
- Tracks multiple professional development courses
- Tracks transcript printing and fee history
- Prints transcripts formatted for your program
- Imports data from RegOnline with one click
- Can be accessed anywhere via a completely web-based interface
- Supports multiple users online at the same time
- Tracks complete personal and business contact information
- Tracks course grade, units, CEU units, location and other information
- Quickly search for students while easily mixing and matching selection criteria
- Tracks record changes in student audit log
- Is secure and FERPA-compliant, hosted on the USC campus
- Integrates with Active Directory, Shibboleth, or internal authentication system
- We can import your existing data

Pricing

$2,250 one-time setup fee includes data import, RegOnline integration and one-hour training session. Monthly fee of $250 for up to 5 users includes secure hosting on USC network and daily backups.
